Positive Aspects of this session		
actual scientific info, gave me something to think about,		
information I've never heard before(7), didn't preach(2), short and to the point		
the prize thing keeps it interesting, related well to college students, excersies information,		
Information I will use		
the figures about the number of drinks(17), how to moderate drinking habits		
stuff about burning calories, stats, 28 Laws(12), the website, the new laws, memory loss,		
free ride/taxi services, biphasic response to alcohol, binge drinking # of drinks...		
stress ball & water bottle,		
Suggestions for change:		
maybe a little more realistic, info on marijuana as well(4), none, no more open ended quaetions		
more facts! More visuals!
