

New Program Announcement

The Interdisciplinary Minor *in* Neuroscience

A two-semester Neuroscience course will be offered this fall (2006).

BIOL351 or PSYC351: Neuroscience I (fall)

BIOL352 or PSYC352: Neuroscience II (spring)

Pre-requisites: Intro Biology series and Intro Psychology. It will be taught by faculty from the Biology and Psychology Departments.

You do not have to minor in neuroscience to take this course.

Additional courses will be offered in 2007.
