

COLLEGE of CHARLESTON

DEPARTMENT OF CHEMISTRY AND BIOCHEMISTRY

PHYSICAL CHEMIST. The College of Charleston Department of Chemistry & Biochemistry, located in historic downtown Charleston, SC, invites applications for a tenure-track position as an Assistant Professor in EXPERIMENTAL PHYSICAL CHEMISTRY to begin August 2010. Applicants must possess a terminal degree. Post-doctoral experience is highly desired. Teaching responsibilities will include a mix of Physical Chemistry lecture/lab and as well as occasionally introductory chemistry lecture/ lab. The typically teaching load is 9 contact hours per semester. The successful candidate must initiate and sustain a research program that includes undergraduates. The College of Charleston is an urban, public institution with about 10,000 undergraduates. The average SAT of our entering students is over 1200. In 2006-07 we ranked #20 nationally in the number of ACS certified bachelors degrees awarded with 29. We are currently constructing a new chemistry facility for occupancy in December 2009. Active grants in the department include HHMI, NIH, NSF, and Research Corporation. Qualified women and minority candidates are encouraged to apply. For more information visit <http://www.cofc.edu/~chem/>. Review of applications will begin October 1, 2009 and continue until the position is filled. Questions may be directed to heldrichr@cofc.edu or call 843-953-5515.

Completed applications, including a letter of application, a CV, a statement of teaching philosophy, a research plan, undergraduate and graduate transcripts, and three letters of recommendation should be submitted to: **Dr. Rick Heldrich, Department of Chemistry & Biochemistry, College of Charleston, Charleston, SC 29424.** *An EO/AA Employer.*
