Convocation	8/24
Fall 2009 classes begin	8/25

WELCOME TO THE COLLEGE OF CHARLESTON

We are excited to welcome you to the College of Charleston community. Please review the enclosed information booklet. This newsletter includes information specific to students attending orientation on August 21-22.

If you have any questions

before you attend orientation, please feel free to email orientat@cofc.edu or call 843-953-2017. We look forward to meeting you in August!

Stephanie Auwaerter
Director of Orientation

RESIDENCE HALL MOVE IN

Early move in is available only to new students attending orientation on August 20 & 21. Since you are attending this orientation, you may move in to your assigned residence hall on the **evening** of August 19. Specific early move-in information will be emailed to your CofC email account in August.

Since only students attending orientation August 20 & 21 will be moving in on August 19, it is

important to note that your roommates and suitemates may not be moving in until the weekend (August 22, 23, or 24). There are no evening activities scheduled through the Office of New Student Programs on the evenings of August 20-22.

You can view important information regarding room floor plans, sizes, room colors, as well as what to bring and what

information at <http://reslife.cofc.edu>. Go to "Living on Campus."

Please note that student meal plans do not officially begin until breakfast on Saturday, August 21. Campus dining facilities will be open during limited hours for cash customers, and there are a number of restaurants within walking distance.

ADDITIONAL INFORMATION

If you plan to ship items to the college, please contact mail services at 843-953-5534 to set up a student mailbox. Please note that packages are not sent directly to the residence halls but to the mail services office where students pick

up boxes so make sure the box can be carried by the student.

Hint: Current students found that purchasing their housing and school supplies in the area

was easier than packing them for the trip to Charleston.

View a list of businesses we have in the area at http://www.cofc.edu/~orientat/documents/need_stuff.pdf

ORIENTATION CHECK IN

You and any family members attending orientation, should check-in on Thursday, August 20, 2009 between 7:30 a.m. and 8:15 a.m. in the Cougar Mall. There will be student interns

on campus throughout the morning to direct you to the check-in location.

At check-in, students and families will receive a schedule of orienta-

tion activities. If any family members who have not previously signed up for family orientation are interested in attending, they may sign up during check-in between 7:30-8:15am.

ADVISING AND REGISTRATION

On the second day of Orientation, you will meet with an academic advisor. Before each orientation, the College of Charleston opens additional seats in courses that now appear closed on Cougar Trail. This allows new students **at all orientations** to build successful

schedules.

The "perfect" schedule may not be available, but you should be able to register for a full load of classes that will fulfill your core curriculum and degree requirements. You should be prepared to be flexible and should not rule out

registering for classes that begin as early as 8 a.m. or late in the afternoon. If you are not satisfied with your schedule, you can change it on Cougar Trail after your orientation session until the end of the drop/add period for the semester.

TUITION PAYMENT

All billing is done electronically. Student's tuition bills will be created after they have registered for classes at orientation.

The College does not mail paper bills.

The Treasurer will send an E-Bill notification to

your CofC e-mail address and to any e-mail accounts* that you have authorized.

For information regarding tuition and fees and the College's tuition payment policy, visit <http://treasurer.cofc.edu/> or

call the Treasurer's Office at 843-953-5572.

*Note: Students are responsible for setting up the authorized users for their account and/or for forwarding their billing statement to the responsible payer.

"Orientation was great. I made so many new friends. All of the interns were really nice and full of energy."
— current CofC student
